Invitation

Dear member,

We are pleased to greet you again as a member of Mafitt, and invite you to our yearly general assembly personally or by an authorized representative. We ask for your help to support this event because it is not possible to achieve our goals without the active participation of the members. In the lack of the personal participation − that cannot be so easy meted from abroad we see well − the written delegations by members help us to begin the assembly in the planned point of time.

Venue: Budapest Hársfa street 47, Stamp Museum
Time: 9. May 2015 10 o'clock.
In the absence of quorum a repeated Assembly is called together for 10.30 am the same day which can make decisions in the subjects of the advertised schedule without further restrictions.

Schedule:

1. Yearly reports and audit control /by the office-holders/
2. Honorations, work plan and budget for the current year /Dr. Géza Homonnay, President/
3. Renewal of Statutes /Dr. Péter Révész Vice president/
4. Election of new members /optional, in case of proposals/
5. Others /some matters without decision needed by the Assembly/

Please follow our News on the website of Mafitt for the written materials to the schedule. Unfortunately they are mainly available only in Hungarian. Sorry but we cannot provide them recently in all languages of our members.

You can send us written and scanned delegation either by e-mail or by post. Please take authenticity into consideration, also it can be personally handwritten by you or signed by you and two witnesses. The delegation could be temporary or permanent but corresponding our statutes and a delegate can have only three mandator also you must agree with him or her before fulfil the delegation. See a form in the second page of this letter to you.

In case of it wasn't managed for 2005 till now please pay the membership fee on the assembly or contact by the secretary to fulfil it by paypal or via bank account inside the euro zone. It is only 25 Euro pro year − can be paid for more years in advance also − and it is used for the costs of sending the printed Philatelica to you.

Budapest, 9th April 2015.

With best regards:

Károly Szücs
secretary

Dr. Géza Homonnay
